## Who we are

Wherever mobile computing devices are found—from plants and warehouses, to delivery fleets and retail operations—you'll find Carlton Technologies. We build value with industry-leading equipment repair programs, certified pre-owned equipment, and with a variety of supporting services.

What's more, the number of companies Carlton is helping to build productivity and profitability has been growing steadily since we opened our doors 13 years ago. We're now the North American leader in servicing, selling, and integrating a wide variety of certified pre-owned mobile computing devices for mission critical applications. Why? Because we enable employees like yours to be more successful anywhere in the supply chain.

Working directly with customers or on behalf of Value Added Resellers, OEMs, or third party service providers, Carlton's core strength is the knowledge and commitment of our team members. As specialists, we make it our business

to know every aspect of mobile computing. As motivated people, we're committed to deliver the benefits of what we've learned through exceptional customer service.

---

We're now the North American leader in servicing, selling, and integrating a wide variety of certified pre-owned mobile computing devices for mission critical applications.

---

For more than a decade, we've proven to keep things working better for companies we serve. We have the testimonials and long-term customer relationships to prove it.

Carlton's fundamental competitive advantage is our proven ability to keep mobile computing devices working—assuring that we build productivity and cut expenses for our customers.

## Why choose Carlton

**BECAUSE WE'LL MAKE THINGS WORK BETTER.**

Based on our experience, we're confident we can help make your mobile computing operations more productive and profitable, and do it in a hurry.

How much you'll gain and how we'll achieve it together will depend on your company's particular requirements. But this much is certain, we can help your bottom line.

To start a dialog on how Carlton can improve your equipment uptime and reduce your costs, please call or email us today. We're looking forward to talking with you.

**WE CAN HELP YOU TO MAKE YOUR MOBILE COMPUTING OPERATIONS**

**1**

More productive

**2**

More profitable

**3**

We'll do both in a hurry!

## Equipment Repair Services

EQUIPMENT REPAIR THAT SETS THE STANDARD FOR DEPENDABILITY AND RAPID TURNAROUND.

At Carlton, our fundamental competitive advantage is our proven ability to keep mobile computing devices working. Sounds simple, but it's not. Over the years, we've invested heavily in state-of-the-art facilities; in a uniquely comprehensive and stringent seven-step repair process with predictably quick turnaround; and,

most importantly, in the education and training of our team of dedicated repair specialists. So here's the bottom line: whatever your needs, budget, and/or equipment, there's a Carlton Care service plan that will keep you working—and cut expenses. You can depend on it.

## Certified Pre-Owned Equipment

THE BEST IN CERTIFIED PRE-OWNED HARDWARE. WE'VE GOT IT. OR WE KNOW WHERE TO FIND IT.

At Carlton, we support and service a wide variety of mobile computers, barcode scanners, barcode printers, networking and wireless equipment from the world's largest and most prominent OEMs. We may have what you're looking for in inventory. Or we can put our hands on it quickly and at the

right price. And if you're looking to sell or trade-in equipment, we're the people to talk to. We offer competitive pricing and terms, complete confidentiality and security, and the ease of dealing with friendly, specialized professionals who make it their business to know every market nuance.

*"Their attitude, expertise and commitment to excellent customer service are second to none in the industry. I would recommend their repair services to any other company looking to increase productivity through better mobile computing."*

**Mike Lackey - Estes Express Lines**

CARLTON TECHNOLOGIES:  
THE BOTTOM LINE.

Certified pre-owned equipment is more cost-efficient and benefits the environment

For any mobile computing hardware, performance ultimately depends on service

With Carlton, your mission critical equipment will arrive on time, working right—to save you money from Day One.

## Additional services

WE PUT OUR KNOWLEDGE BASE TO WORK, ASSURING YOU GET THE MOST FROM YOUR MOBILE COMPUTING, EVERY DAY.

As part of our ongoing commitment to assure an optimum mobile computing experience, Carlton offers a number of support services, including equipment buyback, staging and configuration, site surveys to optimize wireless networks, software for mobile device management, and professional consulting on a variety

of related issues. Just as importantly, our customers know they can call or email us at any time and be sure of a prompt response from a committed and motivated certified pre-owned equipment specialist. As we see it, open communication is good for everyone.

As specialists, we make it our business to master every aspect of mobile computing. As motivated people, we deliver the benefits of what we've learned through exceptional customer service.

## Our customers

WITH CARLTON, YOU'LL BE IN VERY GOOD COMPANY.

Our strong, lasting relationships with leading companies in a wide variety of industries is powerful proof of our ability to deliver unmatched value and service in mobile computing equipment. Every day.
